LITERARY DEPARTMENT

REV. E. N. BAKER, M.A., B.D., D.D.—Gold Medalist in Philosophy (Tor.)—*Theology and Sociology.*

ELLA GARDINER, B.A.—First Honors in Moderns (Tor.)—*Modern Languages and English Literature.*

J. M. ROOT, Dean of Residence—*Mathematics.*

R. J. F. STAPLES, B.A.—First Honors in Orientals (Vic.)—*Latin, Greek and Hebrew.*

N. J. IRELAND, B.A.—Honors in Science (Tor.)—*Physics, Chemistry and Biology.*

MADELINE YOUNG, B.A.—First Honors in History, English, French (McMaster)—*History.*

ANNIE HARDIE—Senior Leaving Certificate, Normal School Graduate—*Art and Assistant in English and Science.*

E. L. BURRILL—Specialist Commercial Science—*Bookkeeping and Penmanship.*

DEPARTMENT OF MUSIC

DAN. A. CAMERON—Baritone Soloist and Choir Conductor Bridge Street Church, Belleville; Conductor Philharmonic Society, Belleville; Vocal, Choral and Glee Classes—*Director Vocal Department.*

LAURA D. LAVOIE, A.T.C.M., A.A.G.O.—Medalist and Honor Graduate—*Directress Piano Department.*

EVA LAVOIE, A.A.C.M.—*Piano.*

EDNA WALLACE, A.T. Coll. M.—Medalist and Honor Graduate—*Piano.*

BERTHA GROSSKURTH—Senior University and A.A.C.M.—*Piano.*

PEARL McDONALD—Undergraduate—*Piano.*

MRS. A. E. MACCOLL—Graduate Toronto University—*Teacher of Violin.*

COMMERCIAL SCIENCE

E. L. BURRILL—Commercial Science Specialist; Graduate Toronto Business College; Graduate Albert Business College; Late Teacher, Mt. Allison—*Accounting, Auditing, Penmanship, Etc.*

JENNIE M. HUGHSON—Graduate, Albert Business College—*Shorthand and Typewriting.*

FINE ARTS

FANNY STRONG—Graduate Ontario School of Art, Etc.—*Paintings in Oils and Water Colors, China Painting, Advanced Drawing, Etc.*

EXPRESSION

JESSIE B. TUIITE—Graduate Albert College; pupil of Professor Beddie, Edinburgh, Scotland; pupil of Owen A. Smiley, Toronto, Ont.—*Expression, Voice Culture, Drama, Etc.*

DOMESTIC SCIENCE

ELLA M. SPARGO—Graduate Ontario Department of Education.

PHYSICAL CULTURE

MARGUERITE HUGHES—*Directress Calisthenics, Etc.*

MR. POWERS—(Y.M.C.A., Belleville) *Director General Gymnastics.*

Albert College

Belleville, Ont.

ALBERT COLLEGE was begun by the former Methodist Episcopal Church of Canada in 1857, as the Belleville Seminary. In 1866 it acquired the name of "Albert College," with limited university powers. In 1885, in consequence of the Methodist Union of 1883, it became incorporated with Victoria University, continuing most efficiently its operations since then as a higher seminary, and affiliated with the University. The Ladies' Department is still most successfully maintained.

The College is located at Belleville, a beautiful city on the shores of the historic Bay of Quinte. The charming surroundings, the healthful climate and the quiet of the city all tend to make it a most desirable location for a college.

Albert College is in a unique relation to the Methodist Church. It is the only secondary school in Ontario which prepares students for the ministry. From its halls, Victoria College receives a large percentage of its theologues. Yet, it is not a theological preparatory school only. The College carries on the same scholastic courses as the Ontario High Schools and Collegiate Institutes. It does not enter into competition with these schools, but supplements their work—besides affording an opportunity to men, who through age or lack of the standing necessary to entrance to a Government school, could not, without a school like Albert, receive a higher education.

Albert College, also, holds a unique position among preparatory residential schools, in that it is co-educational. It was believed when the College was founded that a co-educational institution was best. Fifty-seven years' successful experience confirms this belief. The boys gain in refinement and grace of manner and the girls in strength and breadth of view. Co-education is natural and promotes a healthful and sane relationship between the young men and women.

The courses at Albert are varied: Literary and Scientific, Music, Fine Art, Expression, Physical Culture, Commercial, Household Science and Theology. Graduates in all these departments are filling some of the best positions in this and other lands. Much of the success attained by these old Albert boys and girls may be attributed to the home element present in a residential school. The education derived in such a school is broader than that obtained in non-residential schools, because it combines home life with the school work. And it is hard to over-estimate the educational value of the close association of students and teachers in a residential school.

The Buildings

The College Buildings comprise "MASSEY HALL," "THE RESIDENCE," and "THE GYMNASIUM."

MASSEY HALL is erected on the west side of the Residence, and the two are connected by means of a corridor, thirty-four feet long. The building, which is spacious, airy and well lighted, contains the chapel, class-rooms, the art studio and the office. Two of the class-rooms are situated back of the chapel and can be opened into it by means of folding doors, thus forming a large concert hall. The chapel is handsome with its Gothic windows, and its hardwood finishings.

THE RESIDENCE.—The building is large, substantial and convenient, of brick and cut stone, five stories in height and with a total length of 230 feet. It contains a reception room, library and reading-room, and the dormitories, which are exceptionally bright and well ventilated. A large room fifty by fifty-two feet, which was formerly used as the chapel, has been fitted up with the proper equipment and is now used as the Commercial Hall.

THE GYMNASIUM.—This building is sixty by thirty-two feet, two stories with gallery, and is composed of brick and Trenton limestone. The main floor is used as the gymnasium proper, and has a gallery running the entire length of building. It is thoroughly fitted with all the latest apparatus, including basketball, parallel bars, vaulting horse, travelling rings, flying rings, horizontal bars, ladders, chest weights, etc. The young women, as well as the young men, have the use of the gymnasium at regular hours under a competent instructor. The basement is fitted up as an armoury, and a company of the College boys is thoroughly drilled in the art of national defence.

Course of Study

“Education is the preparation for complete living.”—*Herbert Spencer.*

I.—COLLEGIATE COURSE leading to Senior and Junior Matriculation (in Arts, Civil Engineering and Royal Military College, Law, Medicine and Theology) and Entrance to Faculty of Education, Normal and Model Schools.

II.—PRELIMINARY COURSE. As prescribed by the General Conference of the Methodist Church.

III.—BUSINESS COLLEGE COURSES. Comprising Theoretical and Practical Bookkeeping, Practical English, Shorthand, Typewriting, Telegraphy, Civil Service and Chartered Accountants.

IV.—MUSICAL COURSES. Comprising full Conservatory Courses in Piano, Pipe Organ, Vocal, Violin, Harmony and Theory of Music.

V.—COURSE IN FINE ARTS. Embracing Painting, Drawing, etc.

VI.—COURSE IN EXPRESSION.

VII.—COURSE IN PHYSICAL CULTURE.

VIII.—COURSES IN DOMESTIC SCIENCE.

IX.—ALEXANDRA LADIES' COLLEGE COURSE.

THE COLLEGIATE COURSE. The work of the Collegiate Course is divided into four years—Forms I, II, III and IV—as in the High Schools and Collegiate Institutes of the Province.

No examination is required to enter the College. Beginning classes are organized, and special attention is given to backward students.

Semi-terminal examinations are held throughout the college year in all forms and are compulsory upon all students in attendance.

Annual examinations in all the forms are required for promotion. A certificate of having passed in the College examinations in the subjects prescribed for Junior Matriculation is accepted by the Conference of the Methodist Church as equivalent to the Conference Preliminary Examinations prescribed for candidates. Persons desiring a clear certificate for registration before the College of Physicians and Surgeons in Ontario are required to write on the regular departmental examinations, held each year in the College under a presiding examiner appointed by the Department of Education. The examinations in Form IV (Senior Matriculation, Pass and Honor) is conducted by the Senate of Toronto University and is held in the College, commencing on the second Tuesday in June, and successful candidates secure both the diploma of graduation

ALBERT COLLEGE, BELLEVILLE, ONTARIO

from the College and first year standing in the Arts Course at the University.

FORM I.

Latin—Beginners' Latin.

English Literature—Appreciation of standard English Prose and Poetry Texts as used in High Schools.

English Composition—Sentence and paragraph structure, punctuation, letter writing, writing of simple essays in description, narration and easy exposition.

Oral—Class debates, informal speeches, etc.

History—Canadian History with geography relating thereto.

English Grammar—Analysis, parsing, sentence and word structure.

Reading.

Spelling.

Nature Study.

Elementary Science.

Algebra—High School Algebra.

Arithmetic—High School Arithmetic, review of decimals, etc.

Geometry—Definitions.

FORM II.

In this form those intending to take Teachers' Courses are required to try a departmental examination called The Lower School Examination in Spelling, Reading, Drawing, English Grammar, British and Canadian History, Arithmetic and Elementary Science.

History—Outline of British history to 1485; more detailed study from 1485 to the present; review of Canadian history.

English Grammar—Analysis, Parsing, History of English Language, etc.

English Literature—Critical study of selections of English Poetry, Supplementary Reading of approved works.

Mathematics—Arithmetic: High School Arithmetic; Commercial Arithmetic; Mensuration and General Problems.

Algebra—High School Algebra.

Geometry—Elementary Plane Geometry (Baker).

Classics—Beginners' Latin.

Reading.

Physical Geography.

Spelling:

Science—Elementary work in Botany and Zoology and Physics and Chemistry.

ALBERT COLLEGE, BELLEVILLE, ONTARIO

Modern Languages—French: Conversation, Dictation, Reading. Grammar and Composition; High School French Grammar. German: Conversation, Dictation, Grammar and Composition; High School German Grammar.

FORM III.

English Literature—Selections from prescribed texts. Supplementary reading of approved works:—

1915—Wordsworth, Michael, Influence of Natural Objects, Nutting, Elegaic Stanzas, To the Rev. Dr. Wordsworth, To the Cuckoo, "Bright flower! whose home," and the following eight sonnets: "It is not to be thought of," "Dark and more dark the shades of evening fell," "O friend, I know not," "Milton thou shouldst," "Surprised by joy—impatient as the wind," "Hail twilight, sovereign of our peaceful hour," "I thought of thee, my partner and my guide," "Such age how beautiful"; Tennyson, The Epic, and Morte d'Arthur, Oenone, The Brook, and the following selections from *In Memoriam*: xxvii, lxiv, lxxxiii, lxxxvi, ci, cxiv, cxv, cxviii, cxxiii; Shakespeare, Merchant of Venice.

Composition: An essay on one of several themes set by the examiners. In order to pass in this subject, legible writing, correct spelling and punctuation, and idiomatic and grammatical construction of sentences are indispensable.

German, 1915—Wildenbruch, Der Letzte. Two papers will be set: (1) Prescribed texts and translation at sight; questions on grammar; (2) the translation of English into German.

French, 1915—Labiche, la Poudre aux yeux. Two papers will be set: (1) Prescribed texts and translation at sight; questions on grammar; (2) the translation of English into French.

History: Great Britain and Canada from 1768 to 1885. The geography relating to the history prescribed. One examination paper.

General outlines of the History of Greece to the death of Alexander, and of the History of Rome to the death of Augustus. The geography relating to the history prescribed. One examination paper.

Mathematics: Algebra: Elementary rules; highest common measure; lowest common multiple; fractions; square root; simple equations of one, two and three unknown quantities. One examination paper.

Geometry: The syllabus of the University Matriculation Board. One examination paper.

EXPERIMENTAL SCIENCE.

Chemistry: Physical and chemical changes. Elements, compounds, mixtures and solutions. Fundamental chemical laws and principles as definite proportions, multiple proportions, constancy of mass and equivalence. Rate of chemical reaction and the conditions that affect it. Avogadro's hypothesis and its applications. Ionization in solution. Properties of acids, bases and salts. Types of chemical reactions as oxidation, reduction, replacement, neutralization of acids and bases catalytic action. Combination in solution.

The practical study of the following elements and their more important compounds for the purpose of learning their chemical properties and relationships, illustrating the laws and principles of Chemistry, and learning something of the commercial and industrial uses and preparation of materials derived from them: Hydrogen, Oxygen, Sulphur, Sodium, Potassium, Nitrogen, Chlorine, Bromine, Iodine, Carbon, Calcium, Strontium, and Barium. Quantitative Exercises throughout the course.

One examination paper.

Physics: An experimental course defined as follows:—

Heat—Nature and sources of heat; thermometers; maximum density of water; relation between volume and the temperature of a gas (Charles' Law); absolute temperature; change of state; latent heat; specific heat; mechanical equivalents of heat; transmission of heat.

Sound—Vibrations: Transversal vibrations, illustrated with pendulum rods, string, membranes, plates; longitudinal vibrations illustrated with rods, strings, and columns of air. The use of the manometric flame. Production, propagation, and detection of sound waves. Velocity of sound, pitch; standard forks acoustical $C = 512$, musical $A = 870$). Intervals; harmonic scale; diatonic scale; equally tempered scale. Vibration of air in organ pipes; nodes and loops in vibrating air columns and in vibrating strings; wave lengths and velocity relations. Laws of vibration of strings; interference phenomena; beats; resonance; reflection and absorption of sound.

Light—The ether, the wave theory of light, rectilinear propagation, image through a pin-hole, beam, pencil; photometry; shadow and grease spot photometers; reflection and scattering of light; laws of reflection, images in plane mirrors, multiple images in inclined mirrors, concave and convex mirrors, critical rays; drawing images, refraction, laws and index of refraction; total reflection; path through a prism; lenses; drawing image produced by a lens by use of critical rays. Simple microscope; dispersion and color; spectrum; recombination of light; projection lantern.

Electricity—Magnetism; laws of magnetic attraction and repulsion; magnetic lines of force; phenomena of induction; inclination and declination of the compass. Production and detection of electricity. Electrical conductors and insulators; electroscopes and their construction; electrical conduction through air; radio-activity illustrated by means of uranium and thorium salts. Electrical conduction in liquids; electrolysis; electroplating and electrotyping. Voltmeters, storage and voltaic cells; electrical condensers; condensing electroscopes; simple notions of potential; Ohm's Law; electric units; galvanometers and voltmeters; laws of resistance; divided circuits; experimental determination of current strength; resistance and electromotive force; current induction, and its general laws; the transformer, the induction coil, dynamo, telephone, motor, ether waves, Roentgen rays, and wireless telegraphy.

One examination paper.

Latin, 1914-1915—Caesar, *De Bello Gallico* Book IV, chaps. 20-38 and Book V, chaps. 1-23; Virgil *Aeneid*, Book I, vv. 1-510.

Two papers will be set: (1) Translation at sight, Virgil, and accidence. (2) Translation into Latin, syntax and idiomatic translation from prescribed Caesar, etc.

Greek, 1915—Xenophon, Philpotts and Jerram, easy selections from Xenophon, chaps. 3, 45; Homer, *Iliad* I, 1-350.

Two papers will be set: (1) Prescribed texts; (2) translation at sight, accidence and syntax.

The subjects for Junior Matriculation are: English Composition, English Literature, Algebra, Geometry, History (British and Ancient), Latin and any two of the following: Greek, French, German, Experimental Science. The required pass percentage is 40 on each paper and 60 on total.

For Entrance to Normal the subjects required are: English Composition, English Literature, British and Canadian History, Ancient History, Algebra, Geometry, Physics, Chemistry, and Latin or Art.

FORM IV.

The work for Senior Matriculation and Entrance to Faculty of Education is taken up. For details consult University Calendar and curriculum for High Schools issued by Department of Education.

CONFERENCE PRELIMINARY COURSE.

Candidates for ministry are required for Conference Preliminary to present a certificate or other evidence of matriculation (with the Greek option) into a Canadian or British University; or (b) an equivalent certificate from one of our colleges.

ALBERT COLLEGE, BELLEVILLE, ONTARIO

The Collegiate Course at Albert provides an exact equivalent for matriculation and offers such advantages as young men in preparation for the ministry require. This examination is held in June and all candidates are recommended to take the regular examination coming at that time, as a full College year is necessary to do the work justice.

SPECIAL LECTURE COURSES.

MISSIONARY COURSE AND BIBLE STUDY.

Regular classes are organized under the direction of the Principal, supplemented by special lectures for the systematic study of the English Bible and Missionary Literature, and known as the "Missionary Course." While specially designed for the benefit of students in preparation for the ministry, these classes and lectures are open to all students without additional fee.

MUSICAL COURSES.

This department is now thoroughly equipped as a "College of Music" and full Conservatory Courses are provided in the following: Pianoforte, Pipe Organ, Voice Culture, Violin, Harmony and Theory of Music. For many years it has been in affiliation with the Toronto Conservatory of Music, and students are, also, prepared for the Toronto University local examination in music. The aim of this department is to give an artistic, correct and graceful performance, combined with feeling and expression, and also to impart a thorough theoretical and practical musical education to those who wish to fit themselves as teachers, or who desire to thoroughly understand the great masters. A splendid pipe organ of superior tone, with water-motor attachment, is in the College building.

The students in this department are expected to furnish music for the various College societies which meet weekly throughout the year, and all in turn appear on the programme.

An important advantage that a College course affords to pupils in music is an opportunity for ensemble playing; i.e., playing together in duets, trios, quartettes, etc., by which exactness and uniformity in time and methods are acquired. Full Musical Recitals are given by the graduating class during the closing exercises of each year, in which every member of the class must take part.

FINE ARTS.

The attractive art room is situated in Massey Hall and is thoroughly equipped with statues, busts, etc. In June the year's work is examined by Prof. W. A. Sherwood, R.A., C.A., and diplomas, certificates and prizes are awarded to students successfully passing

THE ART ROOM

the required examinations. A gold medal is given each year to the graduate securing the highest marks. Albert College has taken place in the very front rank, both for the number of diplomas, certificates and medals secured, and for the high character of the work done. The Albert College exhibit placed side by side with the exhibits of other Ladies' Colleges and Art Schools, has always been one of the most attractive, and has received unstinted praise. Instruction is provided in every subject of fine art—drawing, painting in oils, water colors, china painting, sketching from nature, etc.

DOMESTIC SCIENCE AND ART.

Domestic Science is a combination of Manual Training and Applied Science, as will be seen from the following course of study: Bacteriology, Hygiene, Household Economy, Dietetics, Food Economics, Cookery, Marketing, Home Nursing and Emergencies and Laundry Work.

The course in Domestic Art gives the student a knowledge of hand- and machine-sewing and includes talks on materials used, choice in purchasing, etc. A systematic series of models is made, covering the ground of plain needlework, followed by machine-sewing and the drafting, fitting and making of undergarments.

These courses of instruction are carefully graded to give a thorough knowledge of the subjects and to teach the pupils the value of economy, accuracy and order. The aim is to make better

ALBERT COLLEGE, BELLEVILLE, ONTARIO

and more useful women, and not only to increase their love for work, but to give it a dignity of its own, and thus to counteract all false ideas of labor.

A specially equipped room has been prepared for this department. This room is provided with individual tables, charts, cabinet of analyzed foods, etc. Besides the different courses in cooking and sewing, special attention will be paid to artistic serving, etc.

At regular periods throughout the year, the students give luncheons and full course dinners, using the regulation menu and place card. Regular lectures are, also, given to the lady students on table etiquette and general deportment.

Two Diploma Courses are provided in Domestic Science: I. The Housekeeper's Course; II. Preparatory Nurse's Course.

I. The Housekeeper's Course covers a period of one year and consists entirely of practical work. The outline embraces: Cooking, Sewing, Chemistry of Foods, Household Economics, Physiology.

II. The Preparatory Nurse's Course consists of Plain and Invalid Cookery, Lecture on Foods, Dietetics, Physiology, and Home Nursing.

TUITION FEES.

The following fees are for ten weeks when not otherwise stated:—

LITERARY COURSES.

Forms I and II.....	\$5.00
Form III <i>& 2</i>	6.00
Form IV	7.00

COMMERCIAL COURSES.

A.—Business Courses—

Limited Scholarship (good for twelve weeks)*.....	\$20.00
Annual Scholarship (paid in advance).....	40.00
Ornamental Penmanship (per term, 10 weeks).....	8.00
Ornamental Penmanship (Scholarship 20 weeks).....	15.00

(Students are given free instruction in Typewriting).

B.—Shorthand and Typewriting—

Limited Scholarship (good for 12 weeks).....	\$20.00
Annual Scholarship (payable in advance).....	40.00

*NOTE.—For any additional number of weeks over 12 weeks, one dollar and a quarter per week.

ALBERT COLLEGE, BELLEVILLE, ONTARIO

MUSIC.

Pipe Organ (two lessons per week).....	\$12.00,	\$15.00
Piano	\$10.00,	\$12.00, 15.00
Singing and Cultivation of Voice.....		15.00
Violin, Guitar and Mandolin		12.00
Rudiments, Counterpoint and Harmony (in class), (two lessons per week)	net	10.00
Musical History (one lesson per week, 20 lessons).....	net	8.00
Use of Piano (one hour).....	per term net	2.00
Use of Pipe Organ (one hour).....	per term net	6.00
Choral Class (embracing instruction in Vocal Music and Reading at Sight).....	per term net	2.00

FINE ART.

Pencilling, Sketching, etc.....	\$8.00
Painting in Oils or Water Colors.....	10.00
Painting in Water Monochromatics.....	8.00
Painting Pastels	8.00
China Painting	10.00
Portrait Painting in Oils or Water Colors.....	15.00

EXPRESSION.

Private Lessons (two per week).....	\$14.00
General Class	net 5.00
Dramatic Class	net 4.00

PHYSICAL CULTURE.

Private Lessons (two per week).....	\$10.00
General Class to those not otherwise enrolled in Physical Culture	3.00

DOMESTIC SCIENCE AND ART.

Housekeeper's Course (two lessons per week).....	\$12.00
Preparatory Course for Nurses	10.00
Special Short Course in Cooking (one lesson per week)....	6.00
Fancy Cooking	15.00
Camp Cookery for Boys (one lesson per week).....	6.00
Special Invalid Cookery	2.00
Laundry Course, Practical Chemistry, etc.....	2.00
Sewing (one lesson per week).....	3.00
Demonstration Course (ten lessons)	2.00

SENATE FEES.

The following fees are payable to the Registrar:—

For Diplomas in any Department.....	\$2.00
For Junior Matriculation Examination (College equivalent)	5.00
For Renewal of Certificates.....	50
For Renewal of Diplomas	1.00

ALBERT COLLEGE, BELLEVILLE, ONTARIO

A reduction in tuition fees of five per cent. is granted to students paying tuition in more than one department other than Literary and Commercial Departments, and to members of the same family.

Ministers have a reduction of twenty-five per cent. in tuition fees, except Domestic Science, when ten per cent. reduction is allowed, and in fees marked net. In the Commercial Department ten per cent. reduction is allowed in tuition to members of the same family.

Probationers for the ministry receive fifty per cent. reduction in tuition fees in Literary Course, and ten per cent. in Expression and Music.

Students taking more than one extra subject, as Music, Expression, etc., are allowed to take English Grammar, Reading, Spelling and Writing without additional charge.

One-third is added to the half-rate in tuition when one lesson is taken per week instead of two.

Discounts are allowed only on condition that fees are paid in advance.

RESIDENCE.

All students from a distance must reside in the College. The charge for board, room, electric light, and use of gymnasium, is \$45 per term, and \$40 for five-day boarders. Ten per cent. reduction in board is allowed to daughters of ministers and to two members of the same family. Five per cent. reduction is allowed on the total account when the entire year is paid in advance.

The College furnishes bedstead, mattress, pillows, pillowslips, sheets, coverlet, dresser, tables, chairs, wardrobe and window blinds.

The student furnishes window curtains, extra blankets if desired, towels, table napkins, toilet soap, and a cup and spoon in case of sickness.

Students are not permitted to change rooms without the permission of the Dean of Residence. Tenants of rooms are responsible for damage and defacing, if done during their occupancy of them.

The use of tobacco and spirituous liquors by anyone connected with the College is absolutely forbidden.

By the payment of \$5 extra per term a student may have a room alone, provided the accommodation of the College permits.

SCHOLARSHIPS, MEDALS, PRIZES, ETC.—

In addition to a large number of medals and prizes annually awarded, the following valuable Scholarships are awarded:—

ALBERT COLLEGE, BELLEVILLE, ONTARIO

GRADUATING CLASS (LITERARY) 1914

O'Flynn Scholarship, in memory of E. D. O'Flynn, Esq., late Bursar.

Yeomans Scholarship, in memory of L. W. Yeomans, Esq., late Bursar.

Campbell Scholarship, founded by Rev. Amos Campbell for same.

Ferguson Scholarship, founded by Dr. John Ferguson, of China, and Dr. Wilbur Ferguson, of New York, in honor of their father, Rev. John Ferguson.

IN COLLEGIATE COURSE.

(a) Free tuition, \$28, will be granted to any student holding Senior Leaving standing, and who elects to take an extra year's work to be devoted to Honor Matriculation and Scholarship work.

(b) The Senate Scholarship, \$28 free tuition fee in Senior Matriculation, will be awarded to the student making the highest total number of marks at the Junior Matriculation College Equivalent Examinations.

(c) Dr. Dyer Bursary, established by J. F. Cairns, B.A., of Saskatoon, annual value \$100. To be given to a Junior Matriculant at the discretion of the Faculty.

(d) Scholarships whereby free tuition will be granted each year in literary form to deserving and needy students; preference given to candidates for the ministry taking Senior Matriculation.

ALBERT COLLEGE, BELLEVILLE, ONTARIO

IN DEPARTMENTS OF MUSIC.

Piano.

(a) The Professor's Scholarship, \$24, will be awarded to the student making the highest standing in Intermediate Piano, provided at least Honor standing is secured. Senior Scholarships will be applied on the first year of the Senior Piano Course.

(b) The Senate Scholarship, \$12, will be awarded to the student standing second in order of merit at Intermediate Piano Examinations, and will be applied on the full year of the Senior Piano Course.

Vocal.

(a) The Professor's Scholarship, \$24, will be awarded to the student taking the highest standing in Intermediate Vocal, provided at least Honor standing is secured. Said Scholarship will be applied on the full year of the Senior Vocal Course.

(b) The Senate Scholarship, \$12, will be awarded to the student second in order of merit at the Intermediate Vocal Examinations, and will be applied on the full year of the Senior Vocal Course.

In Elocution.

(a) The Professor's Scholarship, \$24, will be awarded to the student making highest standing in final year (practical examinations), provided at least Honor standing is secured. Said Scholarship will be applied on the tuition of the Post Graduate Year, for which year a special diploma will be awarded.

(b) The Senate Scholarship, \$12, will be awarded to the student standing second in order of merit.

GENERAL REGULATIONS.

(a) Any student may hold one first and one second Scholarship in different departments.

(b) The students winning these Scholarships must enter upon the work at the year immediately following the convocation when these Scholarships are won, and must elect to do so before August 1st, and failing to do so they may be awarded to the student standing next highest in order of merit.

Each student seeking admission to the College will sign application blank and furnish satisfactory references of good moral character.

A deposit fee of \$2 will be required of each student upon entering the College, before a room is assigned. This fee will be returned to the student upon finally leaving the College, provided the room has been properly kept and the keys handed over to the Dean of Residence.

ALBERT COLLEGE, BELLEVILLE, ONTARIO

The College year is divided into four terms of ten weeks each. College opens Monday, September 7th, and closes for Christmas vacation on Friday, December 18th. College will reopen after Christmas on Monday, January 4th. No vacation is given at Easter, except Good Friday and the following Monday. No reduction in account will be granted to those who prolong the holidays beyond these two days. Payment in advance for each term is a requirement of the College. Students will be permitted to withdraw only at Christmas or at Easter, otherwise the full term's account must be paid except (a) commercial students upon receiving their diploma, (b) serious personal illness or death in the family rendering it impossible to continue, and then the permission of the Principal must be received. No reduction in charges will be made on account of non-attendance during the first or last week of any term, or the last half of the Fourth Term, or brief absence from the College.

Take Notice. Charges are by the term and not by the week.

All students are required to continue their work regularly upon entering the College. Irregular withdrawals for brief periods must be avoided. Students in Collegiate forms must write upon the promotion examinations at the end of College year.

Hours for meals—Breakfast, 7.30 a.m.; Dinner, 12.10 o'clock noon; Supper, 6 p.m. Sunday—Breakfast, 8 a.m.; Dinner, 1 p.m.; Supper, 5.30 p.m. Prayers are held on each school day at 8.40 a.m. in the College Chapel. A warning bell is sounded at 10.30 p.m. and at 10.45 p.m. the lights in the halls are put out.

The young men in residence are in charge of a professor who acts as Dean of Residence, under the direction of the Principal, and the doors are locked at a fixed hour.

ALEXANDRA LADIES' COLLEGE COURSE.

All the departments of Albert College are open to young women as well as to young men. Upon completion of the regular Collegiate Courses young women receive the diploma of M.L.A., which gives them full first year standing at the University, so that it is of Provincial as well as Collegiate value.

LIBRARY.

The College Library owes its maintenance and increase to the exertions of friends of the College. The library contains much matter useful to the student, and its utility renders its enlargement a matter of personal interest to all in any way connected with the College. Any person desirous of donating books, periodicals, etc., will kindly send the same to Miss Ella Gardiner, B.A., Librarian.

ALBERT COLLEGE Y.M.C.A. EXECUTIVE, 1914

READING ROOM.

Reading rooms, well supplied with newspapers and magazines, are provided both for the young men and the young women, under the management of a committee of the College Council and the Philomathian and Polymnian Societies. They are free to the use of all students, subject to such regulations as may be made by the committee.

COLLEGE SOCIETIES.

The following societies annually or semi-annually elect officers and contribute greatly to the life and progress of the College: Alumni and Alumnae, Philomathian and Polymnian Literary Societies, Y.M.C.A. and Y.W.C.A. Missionary Society, and Mission Band, and the Athletic Societies. No secret society is allowed to meet in the College.

EXERCISE.

The splendid gymnasium, which is used by both sexes on different days, under competent instructors, gives an opportunity for physical culture. Attention is given to outdoor exercise on the

ALBERT COLLEGE HOCKEY TEAM, CHAMPIONS 1914

College campus—football, lawn tennis, skating rink, etc., are provided in season. In the month of May the young men hold an annual field day, which is always of great interest. A five-acre field for athletic purposes belongs to the College.

PHYSICAL CULTURE.

A specialist has been put in charge of the physical culture and the gymnasium. The object of this department is to develop a high state of physical attainment in the whole student body. The results sought are threefold—hygienic, educational and recreative. Besides the regular drill, the College is represented in the following sports: football, baseball, hockey, tennis, etc.

HEALTH OF THE STUDENTS.

Special care is given to the physical welfare of the students. Every student is required to take regular exercise.

The dining-room is provided with a wholesome, abundant and varied bill-of-fare. Every attention has been given to sanitation.

ALBERT COLLEGE ASSOCIATION FOOTBALL TEAM

Commercial Department

“Teach your boys that which they will practise when they become men.”

Since 1877 a Commercial Department has been conducted with marked success in connection with Albert College. A practical business training combined with a thorough English Course—unexcelled by any straight Business College—may be taken; students are allowed to study any subjects embraced in Albert College Courses. It is universally accepted that such facility is of paramount advantage to the student.

The Commercial Department is thoroughly equipped and possesses complete facilities for promoting the interests of its students. The rooms are well heated and well lighted and are supplied with up-to-date banking, wholesale and retail offices, together with the latest and most improved models of typewriters.

Students are recommended for situations, but there is *no* guarantee; they are placed according to merit. The demand for high-class and reliable business help is greater than the supply. Business men select and hire their own employees, and those worthy in character and attainments do not remain idle.

Graduation from Albert Business College is not a question of time, but of attainments.

COURSES OF STUDY.

1. Commercial Course.—Practical and Theoretical Bookkeeping, Commercial Law and Business Forms, Business Penmanship, Practical English and Correspondence, Mercantile Arithmetic, Spelling, Rhetoric, Rapid Calculation, Actual Business Practices, etc.

2. Shorthand and Typewriting Course.—Penmanship, Spelling, Letter Writing, Orthoepey, Grammar, Shorthand and Typewriting. Optional subjects—Business Forms and Arithmetic.

3. Civil Service Courses of Study.—Preparing for all examinations set for Canadian Civil Service.

4. Chartered Accountancy.—Primary and Intermediate Examinations are prepared for and successfully passed.

5. Special Penmanship Course.—Commencing with plain business handwriting, developing into ornamental.

6. General Improvement Course.—Prescribed for students who have not had the best advantages in study; this course covers Reading, Spelling, Simple Arithmetic, Grammar, Mental Arithmetic, Composition, etc.

7. General Optional Course.—Composed of miscellaneous subjects from other departments in the College.

Books and supplies for above courses—excepting for No. 5, which is much less expensive—cost from \$4 to \$10, according to course, time taken, and students' varying needs.

ALBERT BUSINESS COLLEGE AIMS

(a) To give both sexes technical and practical education for business pursuits.

(b) To offer persons of neglected education such opportunities as will enable them to amend their deficiencies.

(c) To qualify teachers to teach commercial lines.

(d) To give in talks and lectures valuable hints and general information as to subjects which are too extensive to be thoroughly taught in the allotted time.

(e) To do its work in the shortest time and at the least expense consistent with thoroughness.

(f) To provide eligible situations for those who properly prepare themselves.

“Girls,
Knowledge is no more a fountain sealed.
Drink deep.”
